Special Situations and Methods of Disclosure Minors and Personal Representatives

If the patient is a minor or is otherwise legally incapable of providing authorization, this form must be signed by the patient's parent, legal guardian, or an authorized personal representative. Documentation verifying the authority of the individual signing on behalf of the patient must be provided: _____.

Sensitive Records

This authorization does not apply to certain categories of sensitive health information, including HIV-related information, substance use disorder records, psychotherapy notes, or specific mental health records. These types of information require separate, specific authorizations in accordance with federal regulations (such as 45 CFR § 164.508 and 42 CFR Part 2) and Kansas law (including K.S.A. 65-6001 et seq. and K.S.A. 65-5601 et seq.). If access to these records is needed, a distinct authorization form must be completed. Psychotherapy notes, in particular, are not covered by this form and require a separate authorization under federal law; they cannot be included with this authorization. Certain state or federal laws may also require additional authorization for other sensitive records. Only use the checkboxes in the main form above to exclude general records; do not include any sensitive record categories listed in this section.

Court Orders and Subpoenas

This authorization does not replace or supersede legal processes that may otherwise permit or require the disclosure of protected health information, such as court orders or subpoenas.

Disclosure Exceptions

Protected health information (PHI) may be disclosed without patient authorization in specific situations permitted by law, such as emergencies, as outlined in 45 CFR § 164.512.

Method of Disclosure

Indicate the preferred method(s) for disclosure of the requested information by selecting one or more of the following options:

- ☐ Mail
- ☐ Fax
- ☐ Email (secure/encrypted)
- ☐ Verbal
- ☐ Other: _____
